

## Secondary One-Year Option: Cosmetology

### ATS in Services Technology

*This template provides guidance for students and institutions on the Secondary One-Year Option for Cosmetology. The college degree awarded through this program is the Associate of Technical Study in Services Technology. As Cosmetology programs consist of at least 900 clock hours and thus award students the full block of 30 technical credits through the Secondary One-Year Option, students will not need to earn additional technical credits at the post-secondary level to complete the ATS in Services Technology degree. This guidance is based upon procedures and guidelines for the ATS degree (Type B) provided in Ohio's Academic Program Approval Manual.*

*A list of institutions where students can complete the ATS in Services Technology can be found on the next page.*
